

JOIN US for a Lunch & Learn

▶ **TUESDAY DECEMBER 12, 2017**
BRODHAGEN HALL
10:30 am - 2:30 pm - *Lunch served at noon*

Dr. Ewen Ferguson, DVM | Dairy Consultant

- ▶ **#1. Tips on how to approach a cow that's calving**
- ▶ **#2. Tips on how to approach an off-feed cow**

Ewen obtained his Doctor of Veterinary Medicine degree from the Ontario Veterinary College, Guelph, Ontario, Canada and has been practicing veterinary medicine for 39 years. This has included consulting services to agri-business organizations and private individuals on dairy herd management, nutritional issues and related

topics for more than 20 years. Additionally, he has provided technical and product support to CanWest DHI for advisors and milk producers in Ontario and the four Western provinces. In 2000, Ewen was the recipient of the American Association of Bovine Practitioners "Practitioner of the Year Award".

Jeffrey Estabrooks, BEc | Bovine Business Unit Director, Boehringer Ingelheim Animal Health

- ▶ **How to hire and keep a great employee**

A promoter of agriculture and the people dedicated to it. From his first day in agriculture on April 15, 1984 at a dairy farm in Alberta, Jeff has embraced opportunities to learn from a wide variety of individuals and operations. Graduating with a degree in Economics from Mount Allison University marked the beginning

of an exciting career in the Animal Health business. Since then, Jeff has held a number of positions in sales and marketing with various Animal Health companies. He is currently responsible for leading the Canadian Bovine business at Boehringer Ingelheim Animal Health.

Eduardo de Souza Ribeiro, DVM, MSc, PhD | Assistant Professor Department of Animal Biosciences University of Guelph

- ▶ **Reproductive Management of Dairy Heifers**

Eduardo Ribeiro grew up on a family farm in a small town located in southern Brazil. In 2008, he graduated in Veterinary Medicine at the Santa Catarina State University and, in 2009, he moved to the USA to start his graduate studies in the Department of Animal Sciences at University of Florida. He completed his MSc degree in 2011 and his PhD degree in 2015. In 2016, Dr. Ribeiro joined the Department of Animal Biosciences at the University of Guelph as Assistant

Professor in Reproductive Physiology. His research seeks to understand the nature and causes of pregnancy losses in bovine, and to develop strategies that ultimately improve pregnancy survival and reproductive efficiency in dairy herds. Eduardo has published 40 peer-reviewed articles in scientific journals and 68 abstracts and reviews articles in conferences proceedings.
